1 This week's topic is important for teamwork because we learned in teamwork, trust is incredibly important. I Also learned that competition can fuel a workplace to work harder and it can build trust.

2 I taught my wife about what I learned in class. She learned about having trust in the rest of the group that they will be able to communicate all the information they need to.

3 I plan on contributing to my team by ensuring that we always stay trusting while at the same time, building off of each other and creating environments that can drive creativity.

4 My experience relates because I have been in groups where trust and competition was minimal, and I have been in groups where they are thriving because oof the high level of competition.

5 If this were a religion class, I would reference how we all try to trust Heavenly Father as much as we can while also trying our best to prove ourselves to him.
