2 I taught my wife about what I learned in class. She learned about how the way a leader leads can influence the way that their teammates learn and work.

3 I plan on contributing to my team by thinking about how we lead each other so that we can understand each other better and so that we can feel understood

4 My experience relates because I have been in groups where the leader did not lead in the right way. They believed that all that leadership is was designation of work and then observation.

5 If this were a religion class, I would reference how Heavenly Father is our leader and he loves us very much. He is the best leader we could as for and he knows how to teach all of us, all we need to do is listen.
